

DONOVIAN ARCTIC TTP PACKAGE 5

LOGISTICS & SUSTAINMENT

DONOVIAN ASSESSMENT

Logistics are the operational centre of gravity.

The Arctic transforms sustainment into the primary limiting factor for combat operations.

KEY TTPs

Forward Stockpiling

Establish:

- Fuel sites
- Ammunition dumps
- Warming shelters
- Maintenance points

Corridor Sustainment

Dependence upon:

- Railheads
- Roads
- Frozen waterways
- Logistics hubs

Redundancy

Maintain:

- Multiple supply routes
- Dispersed supply caches
- Alternate communication methods

Winter Maintenance

Continuous servicing of:

- Vehicles
 - Batteries
 - Communications equipment
 - Weapons systems
-

INDICATORS

- Large fuel reserves
- Protected logistics hubs
- Engineer activity near routes
- Increased transportation traffic
